## Level 1 Curriculum ✓red

### Guiding Principles

- Learning activities will be meaningful and experiential.
- All vocabulary is to be taught with the proper article and accent (ο τόνος) and they should always be visible and present.
- Mastery sequence for all levels is: Listening Comprehension, Oral Production, Reading Comprehension, Written production
- Once a new concept has been introduced, it is to be worked on and then reviewed several times and in different ways until students demonstrate a mastery of that concept.
